Mrs Nicholas Murray Butler  
would be greatly obliged  
if the Secretary of the  
Mummismatic Society could  
tell her when she will  
receive the bronze plaque  
by P. Dubois which she  
purchased at the Exhibition  
last March. It was

promised to her in three  
weeks but as it has  
not yet arrived  
Mrs. Butler wishes to  
say that she is  
going to Europe the  
first days of June  
and would wish to  
know about the  
receipt <sup>of the medal</sup>, and settlement  
of her account before

the leaves.

May 18, 1910.

Dear Madam:

I have just received your inquiry regarding the plates that you purchased at our exhibition.

Being to the remarkable customs regulations, it was necessary to export all of the medals and discuss purchased and then re-import them.

This was done, and unfortunately the ship in which they were exported was the Minnesota, which went around on the way over, so have no definite information as to the safety of the medals, we were however that they will be received in due time. If they are lost we will endeavor to duplicate them, in any case there will be a considerable delay.

We will retain your plates until your return from Europe. When will be able to settle the account, or if ~~you would~~ prefer to have it delivered as soon as received, we will do that and render an account of your return.

We will be glad to follow any directions that you may give.

Very respectfully,

Director.
